INTERNSHIP TIPS

Expect to be treated professionally

In turn, do act professionally at all times. Be on time. Keep your texts and social media use to a bare minimum. Dress appropriately for the industry. Follow through on your commitments.

Don't forget to enjoy your internship

Even when you are doing the inevitable grunt work many interns do. It's a frustrating, but temporary period that most professionals must go through early on in their career.

November 5- November 9 , 2018
