RECOMMENDED COURSES AT UNT

TECM 3550: CONTENT STRATEGY IN TECHNICAL COMMUNICATION

An effective content strategy is an invaluable tool to any client or customer-facing business. Content Strategy in Technical Communication provides an in-depth look into how to write, design, and manage useful and usable content for the web and social media.

TECM 4190: TECHNICAL EDITING

Editing existing documentation is a fundamental part of the writing process. Technical Editing will teach students how to become proficient in both copyediting and developmental editing. They will also work on a team to develop a project that demonstrates the best practices of technical editing.
